## About WCE

The Walchand College of Engineering Sangli (WCE) was established in 1947 is affiliated to Shivaji University, Kolhapur and approved by All India Council for Technical Education, New Delhi (AICTE). It is one of the oldest and premier engineering institutions in the state of Maharashtra. The campus is spread over 90-acres of land with beautiful surroundings. With 2500 students, WCE offers undergraduate programs in 6 disciplines and post graduate programs in 10 specializations. WCE is an aided institute receiving partial grant-in-aid from Government. It is functioning as an Autonomous institute from academic year 2007-08 and offers B. Tech. and M. Tech. degrees under autonomous curriculum based on semester system and grading as followed in IITs. Post autonomy, the institute has carried out various reforms to improve the quality of education in the institute. The institute has a record of 100% placement of eligible students. The Institute has been selected for a total funding of Rs.8.54 Cr. under TEQIP phase I in 2004, Rs.12 Cr. under TEQIP phase II and Rs.7 Cr. under TEQIP phase III. It is also selected under Margdarshan Scheme of AICTE in 2018.

## About Margdarshan Scheme

Margdarshan scheme is under the purview of All India Council for Technical Education (AICTE), a national level apex advisory body under Ministry of Human Resource and Development. The scheme aims to provide mentoring to institutes. Institutions of repute will act as a mentor with its existing facilities to serve as the hub to guide and disperse knowledge to 10 technical institutions. It will allow for information sharing, such as technical education, research and sharing of resources to encourage best practices. Government owned, aided and self-financed institutes and universities approved by AICTE can participate. Duration of the project shall be of 3 years.

## About the Workshop

The purpose of this workshop is to help/train the faculty to actually complete course documents/templates/question banks/lesson plan, in view of NBA and effective teaching-learning. It will also reduce the burden on faculty during semester since the documentation is completed in the workshop itself. Also, videos from international professional courses/trainers will be shown for understanding how the courses are/should be conducted.
