## About WCE

---

Walchand College of Engineering Sangli (WCE), established in 1947 and aided by the Govt. of Maharashtra, is one of the oldest and premier engineering institutions in India. With a rich history of 75 years and a beautiful campus of over 90-acres, WCE Sangli, is providing transformational learning experience in various disciplines of engineering.

WCE offers 8 UG programs in Civil, Mechanical, Electrical, Electronics, Computer Science & Engineering, Information Technology, Robotic & Automation and Artificial Intelligence & Machine learning and 11 PG programs. It also offers PhD programs under Shivaji University, National Doctoral Fellowship of AICTE and under Quality Improvement Program (QIP) scheme of Ministry of Human Resource Development (MHRD).

Walchand College of Engineering is affiliated to Shivaji University Kolhapur and is approved by AICTE, New Delhi. The Institute is also given Autonomous status by University Grants Commission since 2007. The students of WCE get placed in reputed Multinational and Indian Companies such as Google, Microsoft, LinkedIn, Amazon, John Deere, Rakuten, P&G, Mahindra, TCS, Infosys and many other companies.

## About Electrical Engineering Department

---

Through its long existence since 1955, Electrical Engineering Department of Walchand College of Engineering, Sangli has earned a great reputation and has become well known not only in our country, but also in the world through his alumni spread across the length and breadth of the globe. The Department was the second to be established in 1955 after Civil Engineering in 1947. Consequent to inception of the department, PG courses in two specializations, namely, Power System Engineering and Control & Instrumentation Engineering were started in the year 1971.

The Department offers a four-year course leading to the Bachelor's Degree in Electrical Engineering (B. Tech.) and a two-year course leading to Master's degree (M. Tech.) in Power System Engineering and Control & Instrumentation Engineering. The curriculum contains mandatory as well as elective courses and has various tracks and a choice-based credit system with balanced theory, laboratory and project-oriented courses.
